Art.13 and 14 UE Regulation 27th April 2016 n. 679

Rev. 00

“General data protection regulation”

Processing Methods, Purposes and Legal Basis

The company **Camping Internazionale Etruria sas**, as Data Controller, pursuant to and for the purposes of EU Regulation 2016/679 (“GDPR”, hereinafter also referred to as the “Regulation”) and point 3.1 of the Italian Data Protection Authority’s Provision of 08/04/2010, hereby informs you that a video surveillance system (with recording) is in operation at its premises.

This system is used both to protect company assets and to ensure the safety of individuals. The legal basis for this processing is the legitimate interest of the Data Controller, as well as the authorization issued by the Territorial Labour Inspectorate of Grosseto on 02/04/2026, in compliance with Article 4 of Law 300/1970, as amended by Article 23 of Legislative Decree 151/2015. Appropriate signage informs data subjects that they are entering or are within a video-surveilled area.

Necessity of Processing

In light of past incidents, the use of this system is considered essential both as a deterrent and as a means of collecting evidence to defend the Controller’s rights in legal proceedings.

Data Retention Period

The images recorded will be retained for **48 hours** following their capture.

Your image will be subject to processing. Only for the purposes described above, the images may be viewed by authorized company personnel appointed to process the data and by the company management; both in real time (via dedicated monitors) and through consultation of the device’s stored data.
